# Have a Safe & Fun Halloween!

County-Wide Hours
To help keep children safe, maximize their Halloween "haul", and give parents a little break, County-wide trick-or-treating hours have been set at 5-8pm.

Be Safe - Be Seen!
Carry glow sticks or flashlights if it's dark outside. Put reflective tape on costumes and make sure masks don't obscure children's vision.

Check ALL Candy
Make a rule - no eating any treats until they've been inspected. Watch out for allergens, choking hazards, and any open candy.

A Few More Tips

- If you are giving out treats, consider turning on your porch light to let folks know you're participating.
- Remember to keep pets indoors for their safety and the safety of trick-or-treaters.
- Safety Alert: The Drug Enforcement Administration is advising the public of an alarming emerging trend of colorful fentanyl available across the United States. Brightly-colored fentanyl is being seized in multiple forms, including pills, powder, and blocks that resemble sidewalk chalk. Be sure to check all candy!
