Featured News

King William County LOGO DESIGN CONTEST

While the King William County Coat of Arms is the official county seal and will continue to be used, a branding logo is a more modern, friendly, and creative way to convey the County's history, present, and what it aspires to be in the future.

Visit our [Design Board](#) for more information, ideas, and inspiration.

[Submit your design online](#)
by August 31, 2023.

What's the PRIZE, you ask?

In addition to the fame and notoriety of being the designer of the County logo, the winner will receive some excellent County swag with the new logo on it!

SHARE YOUR IDEAS!

[King William Community Center/Library Survey](#)

According to the [National Prevention Council \(NPC\)](#) and others, community center activities can strengthen social connections, reduce social isolation, improve health and well-being, and increase community engagement.

Your input will help the architects create a design for future consideration which includes features that are important to you. This survey is NOT a venue to express opinions on whether a facility should be built. It is just to help the architects create a design for future consideration and give us an idea of how much it might cost.

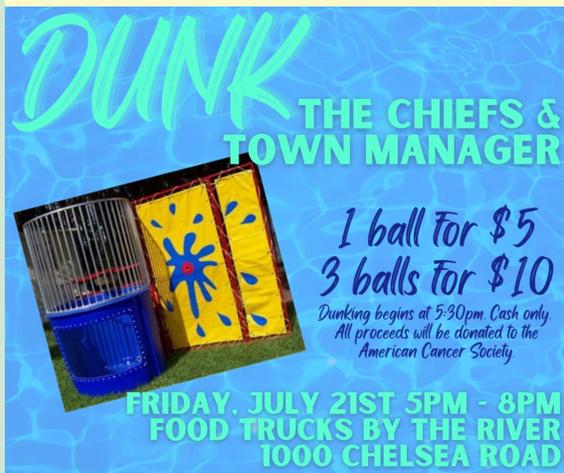

Three Community Meetings are planned so the architects can hear directly from citizens on what's important to them in designing a Community Center/Library.
