It continues to be an honor to serve you.

*J.S. "Jeff" Walton*

Sheriff

## Who we are

The King William Sheriff's Office is one of the oldest law enforcement agencies in the United States. The first Sheriff, John Waller was appointed in 1702 when King William County was formed from King and Queen County.

The Sheriff's Office has evolved from one lone Sheriff in 1702 to a Sheriff and 30 Deputies to include 2 Investigators, 4 School Resource Officers, 2 Animal Control Deputies, 3 full time Court Deputies. The agency also has 4 part time Court Deputies. The Sheriff is also in charge of the county's Emergency Communications Center (911) comprised of 11 Communications Officers.

The shoulder patch worn by the Sheriff and Deputies was designed in the early 1970's. It symbolizes two very distinct symbols of King William County.

One is the historic courthouse built in 1725, which remains to this day as the oldest courthouse in continuous use in the United States.

The second is the American Dogwood flower, which is the state flower and symbolizes King William's connection to the Commonwealth of Virginia.

## Agency Overview

The King William County Sheriff's Office serves as the County's primary law enforcement agency. The Sheriff's Office provides service to the County's approximately 19,030 residents and the traveling public visiting our County. The office also serves civil processes to the approximately 3,419 residents of the Town of West Point and provides secondary law enforcement to assist the Town of West Point Police Department when needed. The Sheriff's Office enforces all state laws and local ordinances to include all criminal laws and traffic codes as well as develops agency policies, programs, and standards in collaboration with other county departments, civic and community organizations, and other governmental agencies. These efforts are designed to identify, assess, plan for, and address organizational, governmental and community needs. The Sheriff's Office consists of six divisions.

The **Administrative Division** is charged with maintaining all the records and documentation required of a law enforcement agency by local, state, and federal mandates. The section also seeks, administers, monitors, and manages all grants available to law enforcement entities to include seized and forfeited assets. The development of and fiscal management of the agency budget is one of the main duties of this section. The management of and compliance with the Freedom of Information Act and making the appropriate releases is another function of the section. In 2023, the section handled 206 requests, this also includes request for traffic crash reports. The formulation of the selection process to include the testing of all prospective appointees is a duty of this section. The formulation of agency policy and procedure is also a function of this section. The administrative section is responsible for the agency's accreditation process and the maintenance of the accreditation files.

The **Patrol Division** responds to citizen reports of crimes, citizen requests/calls for service, criminal cases initiated by law enforcement, non-criminal cases initiated by law enforcement, incidents resulting in custodial arrests, and incidents resulting in the issuing of summonses or warnings. This section also provides for the enforcement of traffic laws to include traffic crash investigations. The patrol section conducts the preliminary investigation of most criminal activity, the service of criminal warrants, and conducts most of the requested watch orders and directed patrols.

The **Investigative Division** handles all major case investigations and acts as the liaison with other local, state, and federal agencies. This section manages crime scenes within the county and assists other counties upon request. The investigation section has two deputies who are also members of the Twin Rivers Regional Narcotics Task Force and who are sworn as special state police agents. Members of this office work hand in hand with other state and federal law enforcement partners such as the Virginia State Police, Federal Bureau of Investigation, ATF, and the Attorney General's Office. This section is responsible for the management of the evidence and property function of this agency as well as the agency's crime scene and surveillance equipment.

This section is also tasked with investigating formal Internal Affairs complaints involving alleged officer misconduct in the following areas, excessive force, constitutional rights violations, criminal activity, or complaints of bias or "racial profiling". The image of the King William County Sheriff's Office depends on the personal integrity and discipline of every one of its employees. The Sheriff's Office encourages citizens to bring forward grievances regarding misconduct by personnel. The Sheriff's Office investigates all complaints made by citizens. Proactive internal investigations ensure the public that our personnel adhere to the highest standards in performance. For complaints that do not rise to formal Internal Affairs complaints, The Sheriff may at his discretion assign a complaint of officer misconduct for investigation to the captain or other supervisor who shall report solely to the Sheriff. In 2023 there were no complaints against deputies requiring an Internal Affairs investigation. In 2023 the Sheriff's Office responded to 16,411 calls for service.

The **Courts/Civil Process Division** handles all prisoner transports to and from court and any special hearings that may be required. The personnel of the courts section are responsible for the courthouse/courtroom security function to include all county court dates and during the normal business hours of the other courthouse offices. Personnel are responsible for receiving, recording, and tracking the service and return of all civil process documents as well as served criminal warrants. This section assists the patrol section with the performance of mental health commitments, emergency committal orders and transports as well as extraditions and juvenile transports. On days when court is not in session this section also transports arrested individuals to the local jail. Doing so allows the patrol deputies to remain available in the county.

# Annual Report - 2023

The **Animal Control Division** is responsible for and responds to all animal attacks/bites, reports of the abuse of domestic animals, reports of annoying/roaming-at-large animals, investigates complaints of unlicensed/unvaccinated animals, and dangerous dogs. The members of this section annually assist with a county rabies clinic and daily assists residents with referrals regarding domestic animals. This section also responds to calls from citizens regarding wild animals or varmint animals in and/or around their homes.

The **Communications Division** handles the receipt of all citizen reports of crimes, citizen requests/calls for service, criminal cases initiated by law enforcement, non-criminal cases initiated by law enforcement, incidents resulting in custodial arrests, the issuance of summonses, citizen reports of accident/injury, and/or citizen's reports of fire. This section is also responsible for communications with other jurisdictions, resources requests, etc. The personnel of this section answer all business (non-emergency) and emergency telephone calls (E911 and wireless E911) within the county. They document all calls for service requests, manage and maintain all records regarding emergency calls and emergency responses and serve as the first line of communications for all emergency first responders in the county. The communications center serves the Sheriff's Office, King William Fire/EMS, West Point Police, West Point Fire/EMS, the Virginia State Police, the Virginia Game Commission, and several other County offices during their non-business hours.

The Communication Section also serves as the County's Public Safety Answering Point (PSAP) for law enforcement, fire and rescue incidents using the County's Enhanced 911 (E-911) system.

through this Emergency Communications Center (ECC). The section also maintains the Computer Aided Dispatch (CAD) system that is used to initiate calls for service and dispatch. ## Organizational Chart

### **Mission Statement**

The King William Sheriff's Office is a progressive agency, which is committed to providing the highest level of public safety to all county residents and guests.

This will be accomplished by being proactive in crime prevention; to fairly and impartially enforce local, state, and federal laws; to be continually interactive with all aspects of our community; and to maintain irreproachable professionalism, respect, fairness and integrity by all personnel.

## Goals and Objectives

**PRIMARY GOAL:** The King William County Sheriff's Office role is to enforce the law in a fair, courteous and impartial manner, recognizing both the statutory and judicial limitation of its authority and the constitutional rights of all individuals. It is not the role of the King William County Sheriff's Office to legislate, to render legal judgment or to punish.

### FUNCTIONAL OBJECTIVES:

A. **PREVENTION OF CRIME:** The primary responsibility of upholding the law lies not with the law enforcement officer, but with the people. Since crime is a social phenomenon, then crime prevention is and should be the concern of every person in our society. Society employs full-time professional law enforcement officers to prevent crime, to deter it, and when that does not succeed, to apprehend those who violate the law.

Crime is a symptom of our society, which is not the responsibility of the Sheriff's Office to cure. The Sheriff's Office is responsible, however, for interacting with the community to generate mutual understanding to ensure that there will be public support for crime prevention. Community involvement is essential to facilitate a free flow of information between the public and the Sheriff's Office to assist in the identification of problem areas and to inform the public of crime statistics, patterns and trends. Additionally, knowledge of the community is necessary so that each employee may be instilled with a sense of concern for the crime problems and law enforcement needs generated in the community.

B. **DETERRENCE OF CRIME:** Crime is curbed by the potential criminal being fearful of his/her immediate apprehension or by the increased likelihood of detection. Deterrence of crime requires the observation and the investigation of behavior, which reasonably appears to be criminally directed.

In deploying patrol units to inspire the public's confidence in the King William County Sheriff's Office's ability to ensure a peaceful environment, a balance must be attained between the desirable deterrent effect of a visible patrol and the undesirable appearance of oppression.

C. **APPREHENSION OF OFFENDERS:** The administration of criminal justice consists of the identification, arrest, prosecution, punishment, and rehabilitation of the violator, the objective of which is voluntary compliance with the law. Once a crime has been committed, it is the duty of the Sheriff's Office to initiate the criminal justice process by identifying, locating and arresting the perpetrator. It is also the duty of this office to obtain the necessary evidence and to cooperate in the prosecution of the case

## Goals and Objectives

D. RECOVERY AND RETURN OF PROPERTY: The actual cost of crime is difficult to measure; there can never be a simple dollar value assigned to the injured bodies, devastated lives, and the human misery that are the products of crime. However, it is possible to observe the steadily rising costs of lost, damaged, and stolen property. This loss, as well as the other associated costs of crime, is unfortunately and ultimately borne by the victims. To minimize the losses due to crime, the King William County Sheriff's Office shall make every reasonable effort to recover lost or stolen property, to identify its' owner, and to ensure its' prompt return.

E. MOVEMENT OF TRAFFIC: To facilitate the safe and expeditious movement of vehicular and pedestrian traffic, the Sheriff's Office is charged with the responsibility for traffic law enforcement. To enforce compliance with traffic laws and to develop driver awareness of the causes of traffic accidents, the King William County Sheriff's Office shall appropriately warn, cite, or arrest traffic law violators. Traffic accidents are investigated to protect the rights of the involved parties, to care for the injured, and to determine the causes of accidents so that corrective steps and methods of prevention may be developed.

F. PUBLIC SERVICE: Often, because there are no other public or private agencies available, the public relies upon law enforcement for assistance and advice in routine and emergency situations.

### RESOURCE OBJECTIVES:

A. DEPARTMENTAL PERSONNEL: Law Enforcement officers are frequently required to make rapid decisions that will affect human life and liberty with no opportunity to seek advice and very little time to weigh any alternatives.

Law enforcement requires that an officer have the stamina, intelligence, moral courage, and emotional stability necessary to deal with the human being fairly and impartially. To obtain the caliber of personnel necessary for professional law enforcement, it is essential that the King William County Sheriff's Office aggressively pursue a program of providing equal employment and promotional processes.

B. UTILIZATION OF RESOURCES: Law enforcement is one of the most necessary, yet expensive and complex services provided by the County. The quality and the extent of the service provided are limited by the availability of resources. To ensure that the highest level of service is provided, the King William County Sheriff's Office will make use of the most efficient and effective management and budgeting techniques available.

## Special Recognition

### Accreditation

Less than 15% of the 400 law enforcement agencies of Virginia have attained VLEPSC accreditation. Of the six counties that make up the Middle Peninsula of Virginia, only King William and Gloucester have obtained accreditation.

Accreditation is considered the ultimate measure in professionalism among law enforcement agencies. The Virginia Law Enforcement Professional Standards Commission consists of members of the Virginia Sheriff's Association, Virginia Association of Chiefs of Police, and the Virginia Department of Criminal Justice Services. It has established 191 professional standards divided into four general subject areas: Administration, Operations, Personnel, and Training by which law enforcement agencies are measured.

In providing the accreditation program, the Commission's goals are:

- To promote public confidence in law enforcement and consistency in its application.
- To promote cooperation among agencies.
- To ensure proper training for law enforcement personnel.
- To increase the effectiveness and efficiency of services provided by law enforcement.

Accreditation sets the standards by which an agency must continue to operate in order to retain this highly coveted status. These professional standards must become a routine way of conducting Sheriff's Office business. There are on-going reviews, with re-accreditation scheduled every four years.

This year was a huge success with 150 rabies vaccines being administered, surpassing previous years.

**Community Involvement**

**2023 National Prescription Drug Take Back**

Too often, unused prescription drugs find their way into the wrong hands, that is dangerous and often tragic. That's why it was great to see thousands of folks from across the country clean out their medicine cabinets and turn in - safely and anonymously - a record amount of prescription drugs. The county alone collected over 96 pounds of medicine and the deputies working the event reported great feedback from our citizens!

**Deputy L. Stephens gave a tour of her patrol car at Cool Springs Primary School**

As in past years, the thing the office staff look forward to the most are all the people that just drop by to say hello. Those that stop in to thank us for our dedication to the hard job of being a first responder, the groups of children that come to learn about the jobs that Deputies and Dispatchers do day in and day out. This year was no different and there were too many to recognize individually, so we would take this time to give the biggest thanks to you!

Thank you for **YOUR** support; it is a privilege to serve you!

**Deputies Conduct Mandatory Yearly in Service Training**

All office staff completed required state in-service requirements as well as mandatory in house trainings such as use of force, firearms qualification, communicable diseases, eyewitness identifications, physical fitness, healthy lifestyles, victim services, alarm responses, and reviews of the standard operating procedures manual and legal reviews with the Commonwealth’s Attorney.
